

Self Guided Terms & Conditions

Thankyou for booking with us. This document contains the terms and conditions which you have agreed to.
Have a great adventure!

Trail Run Morocco

- Neither Trail Run Morocco nor Wild Goose Adventure SARL take any responsibility for your ability to use this Self Guided product to navigate in the mountains. You must be competent to navigate on your own, always take a map and compass, and be fully responsible for your own safety.
- .gpx and .pdf downloads are provided as guidance only.
- You agree to take full responsibility for the accuracy of your GPS and your ability to transfer files to it. We do not offer after-sales technical support. You understand that GPS devices can never be 100% accurate. On narrow mountain trails, an inherent 5m inaccuracy caused by your device or the .gpx file can be the difference between being on the trail and being over a cliff-edge. You must use your common sense and personal navigation ability in decision making and route choice rather than blindly following the digital trail on the .gpx file.
- You must equip and clothe yourself properly for the mountains and for unexpected weather, and always let someone know where you have gone and what time you expect to be back.
- You understand that there is no Mountain Rescue in Morocco. In the event of an emergency or accident in the mountains, Wild Goose Adventure and Trail Run Morocco will not be held liable for any damages or costs incurred; you are fully responsible.
- All digital files provided in relation to this package remain the intellectual property of trailrunmorocco.com. You may not upload them to a third party website, resell them, use them on your own website or blog, or share them with others without our express permission
- If these terms are not to your liking then please book a guided run with us where we will take full responsibility for navigation and for your safety at all times during your run.

Participation Statement

Wild Goose Adventure recognises that Trekking, Running, Climbing and Mountaineering are activities with a danger of personal injury or death. Participants in these activities should be aware of and accept these risks and be responsible for their own actions and involvement.
